

PIPELINE & HAZARDOUS MATERIALS INCIDENT AWARENESS TRAINING

Are you an emergency responder? Public official? Local government staff?

Are you aware of pipeline & hazardous materials
emergency response procedures?

Three separate and identical training sessions are being conducted in Southern New Hampshire by Justin Kates, CEM, Director of Emergency Management, City of Nashua, NH and certified trainer in the National Association of Fire Marshals/ PHMSA Pipeline Emergencies curriculum.

This free, 3-hour classroom-style training includes content from the Pipeline Emergency Response guidelines by the Pipeline Association for Public Awareness (PAPA).

The training will include:

- Emergency Preparedness
- Emergency Response Capabilities
- Incident Command System
- Incident Response Steps
- Pipeline Basics, Products, and Facilities
- Damage Prevention

Space is Limited. Please RSVP by May 6th

Karen Baker karenb@nashuarpc.org

(603) 424-2240 x11

These trainings are sponsored by the Nashua Regional Planning Commission and are supported by the U.S. Department of Transportation Pipeline and Hazardous Materials Safety Administration (PHMSA) Technical Assistance Grant (TAG) Program.
