

MY DREAM TRAIL...

Imagine that the Ashuelot Rail Trail has become the trail of your dreams...

What does it let you do?

What does it look like?

Feel like?

What's happening on it?

How does it affect your community?

How does it change the lives of your friends, family, and neighbors?

Where does it allow you to go?

Use one or more bubbles to share the Ashuelot Rail Trail of your dreams.

The worksheet is designed for sharing dream trails. It features a central illustration of a green horse and rider, three red cyclists, and a purple snowmobiler. The page is divided into vertical columns by dotted lines, each containing various shapes of empty speech bubbles and thought bubbles for writing.
