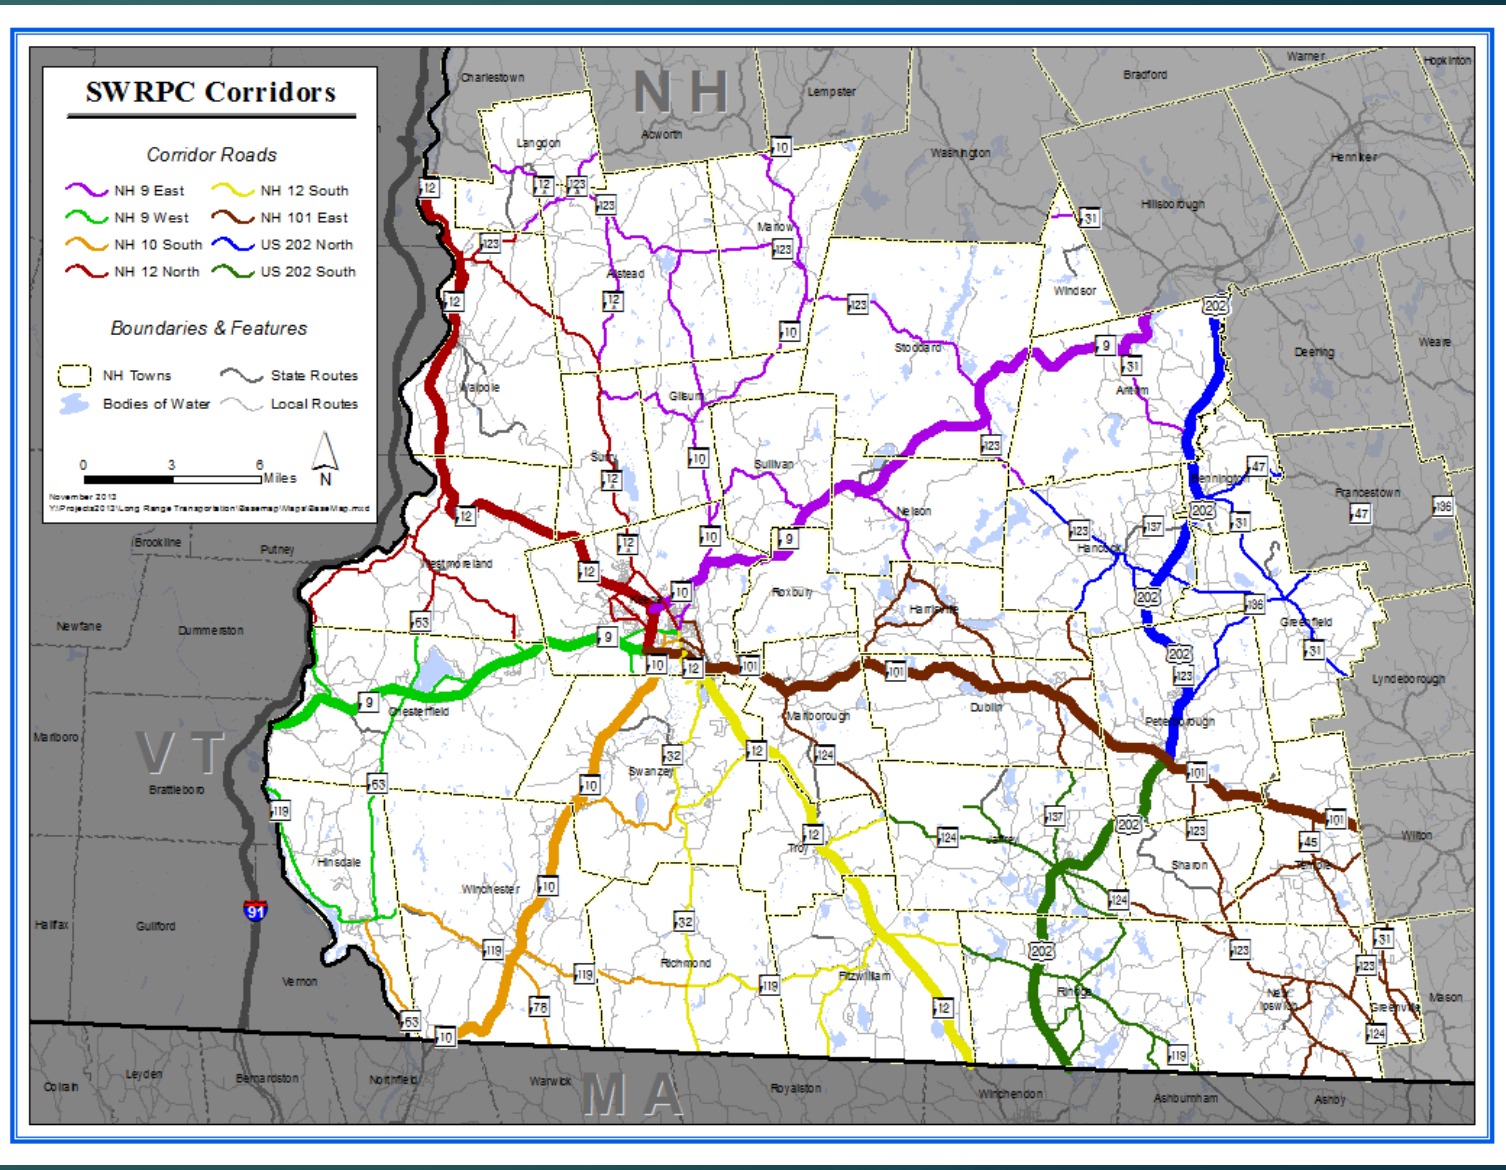
Southwest Connects

REGIONAL TRANSPORTATION PLAN: 2023-2050

NH 10 S Corridor

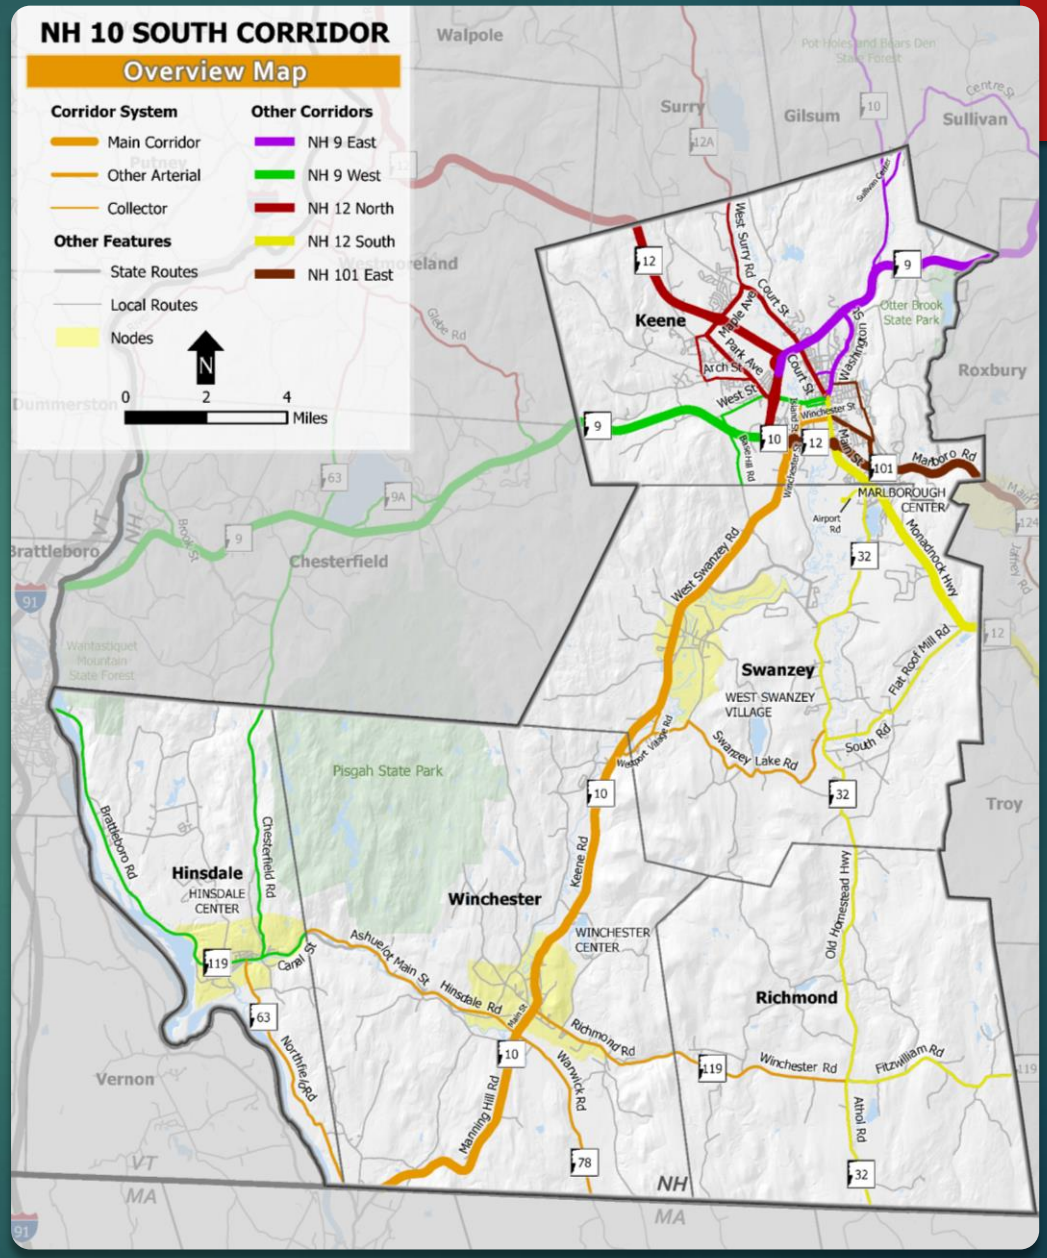
Corridor Planning

- Corridor approach to transportation planning
- 8 major transportation corridors in Southwest NH



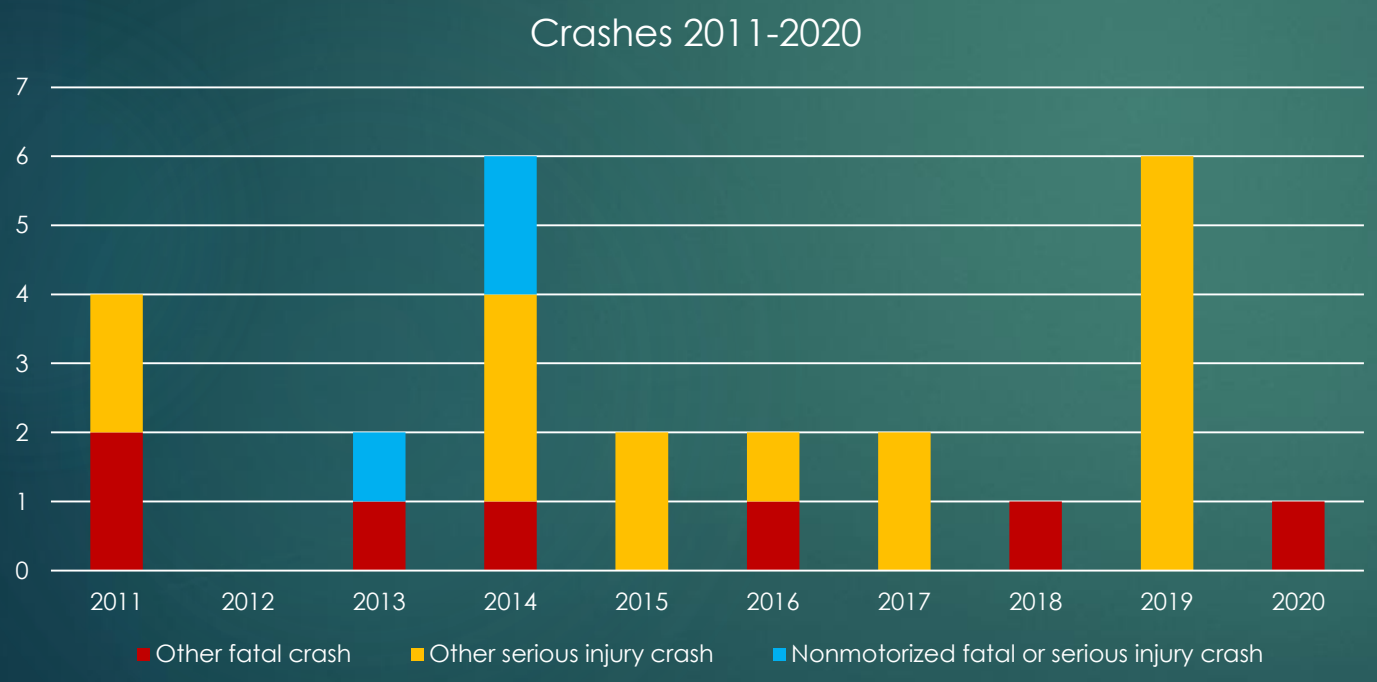
NH 10 S Corridor
Area covered

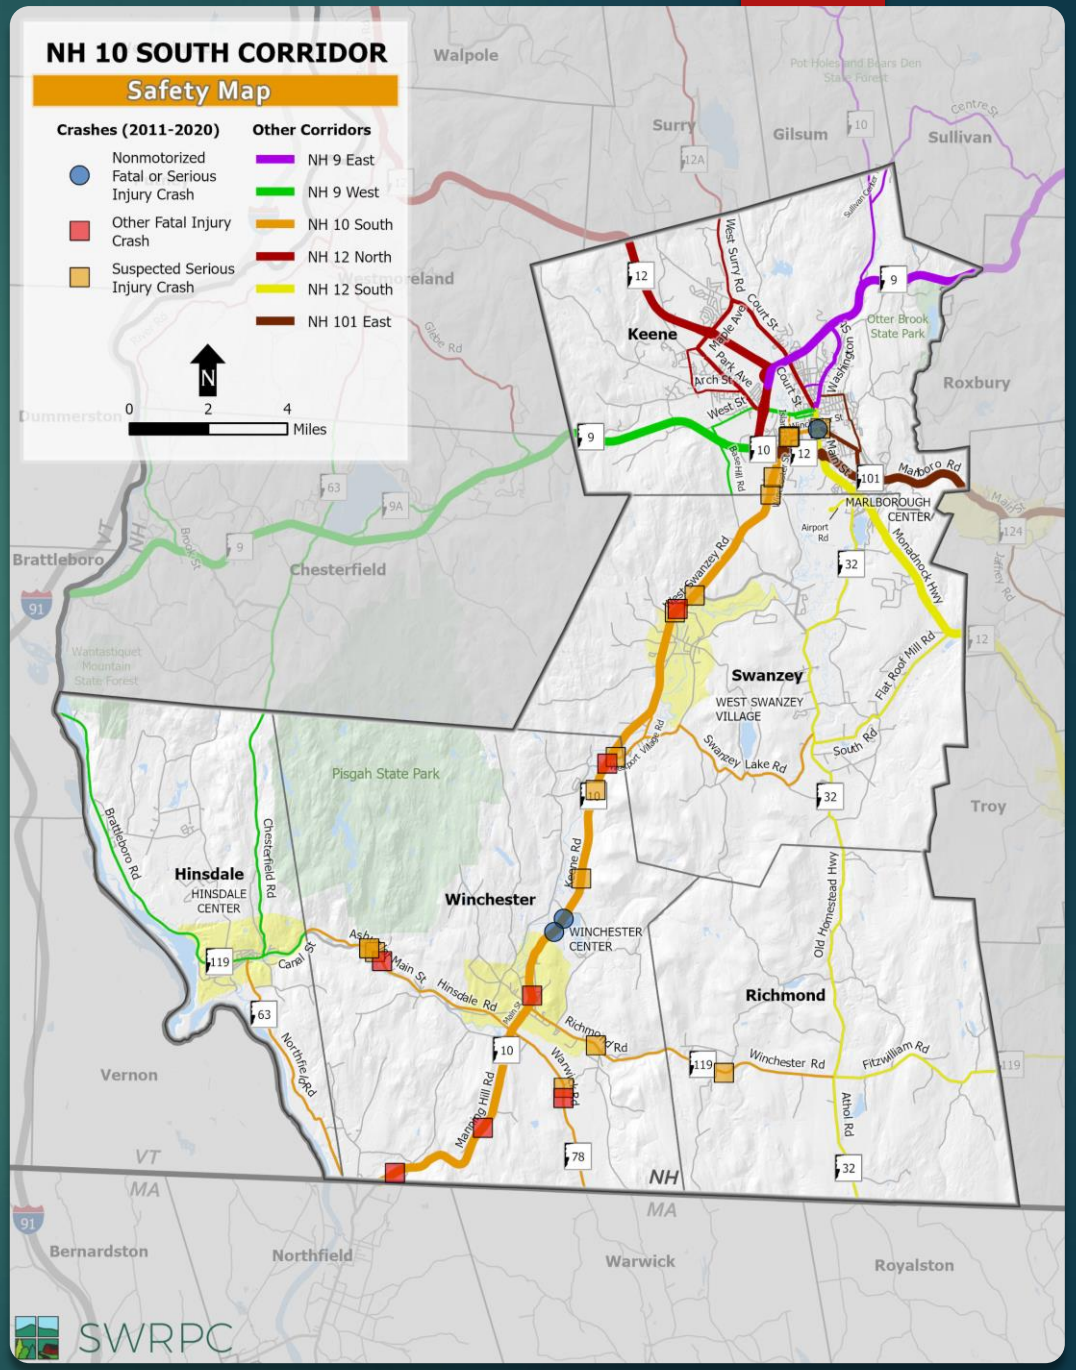
- Includes areas of Hinsdale, Keene, Richmond, Swanzey, and Winchester
- Includes portions of NH 32, NH 63, NH 78, and NH 119, Swanzey Lake Road, and Westport Village Road



NH 10 S Corridor

Corridor Safety





NH 10 S Corridor

Safety Improvements

Ways to improve safety in the corridor:

- Adopt a complete streets policy and implement strategies
- Improve signage, pavement markings, traffic signals
- Increase enforcement of speed limits
- Maintain sight lines at intersections and driveways

NH 10 S Corridor
Employment and Commuting

NH 10 S Corridor
Alternative Modes of Transportation

Transit

- HCS Shopping Shuttle connects Keene-Swanzey and Winchester-Swanzey
- HCS operates Friendly Bus and City Express within Keene

Bicycle & Pedestrian

- Ashuelot Rail Trail
- Pedestrian infrastructure is limited in West Swanzey and Winchester
- Additional sidewalks and bicycle lanes have been proposed
- Complete Streets Policy - Swanzey, Hinsdale, and Keene

Volunteer Driver Programs

- Community Volunteer Transportation Company (CVTC)

NH 10 S Corridor

Diverse Population/Diverse Needs

Youth (Age 17 and under), 17%

Young Adults (Age 18-34), 27%

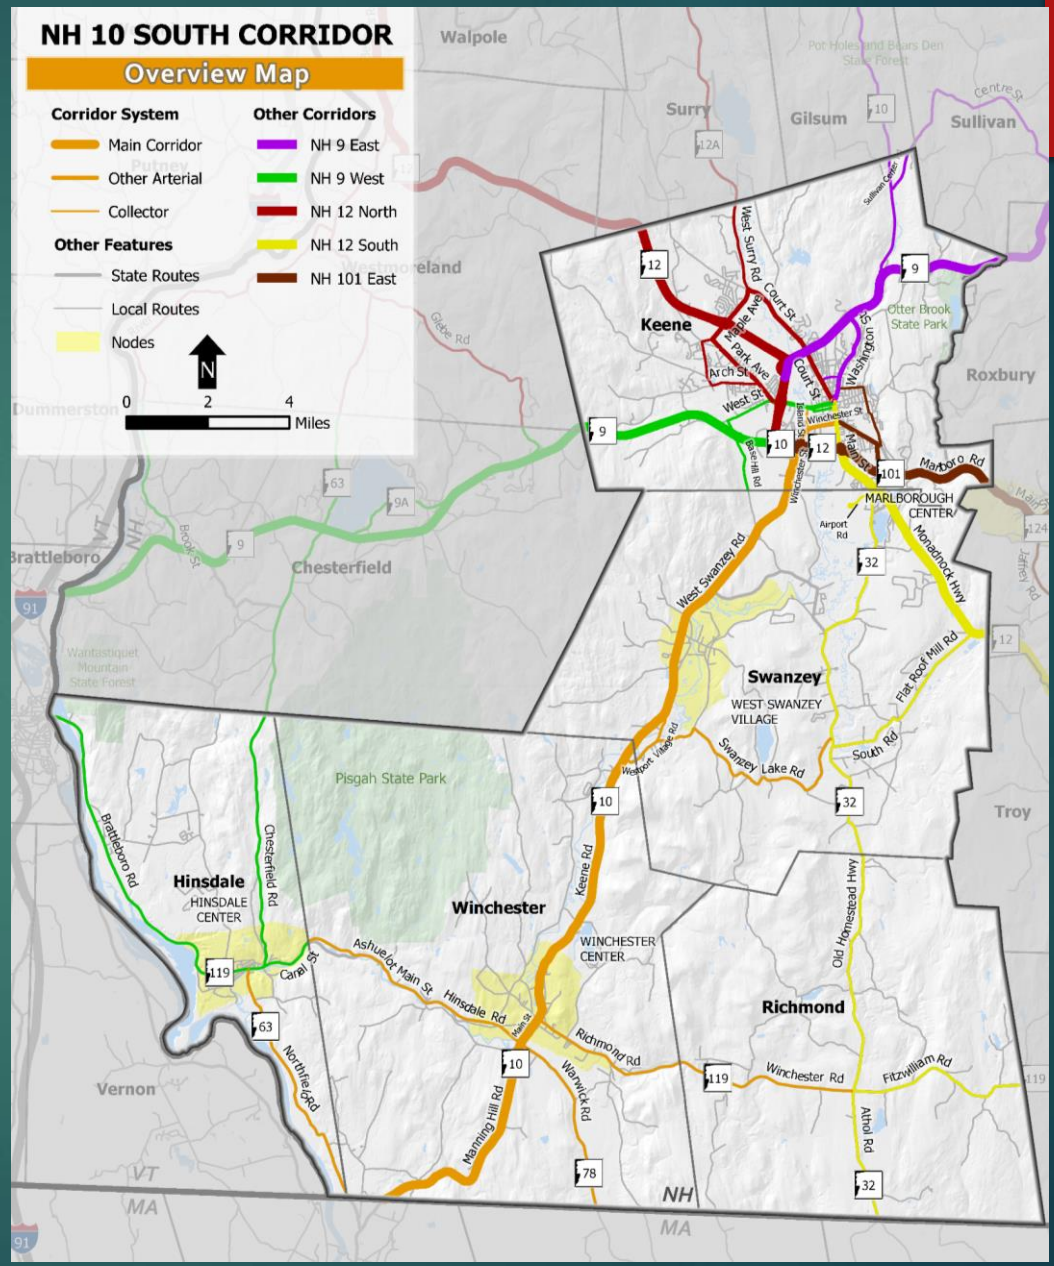
Let's Hear From You!

Safety Concerns

Where and what are the safety concerns within the corridor?

What are potential solutions?



Let's Hear From You!

Transportation Options

Are there other modes of transportation that are missing within the corridor?

What are potential solutions?

Let's Hear From You!

Resiliency against Natural and Human-caused Hazards

Are there areas that are prone to flooding or other natural hazards?

Are there areas that are vulnerable to human-caused hazards (accidents, hazardous materials spills)?

What are potential solutions?

Let's Hear From You!
Infrastructure Needs

Are there old bridges, culverts or other infrastructure that needs to be replaced?

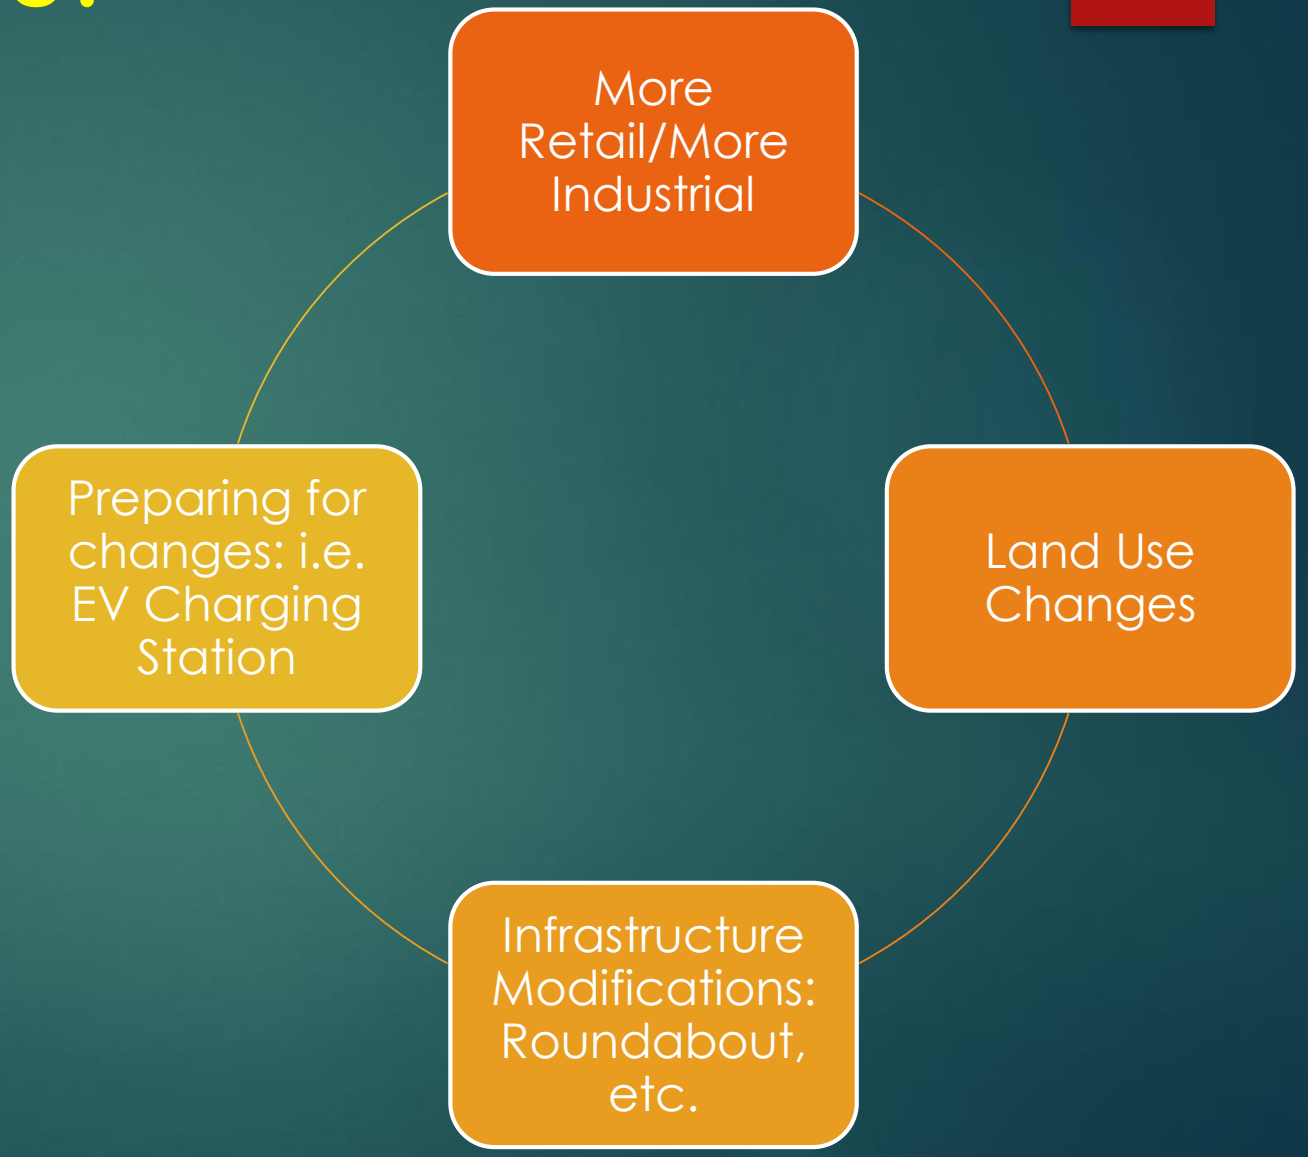
What are potential solutions?

Let's Hear From You!

Additional Comments

What is missing in the corridor area?

What are potential solutions?



Thanks for your participation!

Here are some other ways you can get involved

- Take the survey: https://arcg.is/1859XK0
- Read the current version of the Southwest Connects Long Range Transportation Plan www.swrpc.org/swconnects
