Transportation Project Information

Name/Title of Project

Where is this project located? *(please provide road names, nearby facilities/landmarks)*

What is the scale of this project? *(please provide approximate measurements in feet; you can use Google Maps measuring tool to estimate distances)*

Purpose, Need, and Scope

Please provide the Purpose Statement for this project.

ex: "The purpose of this project is to support increased non-motorized activity by addressing safety issues resulting from unsafe vehicle speeds and inadequate protections for pedestrians on Main Street between 1st and 2nd Street."

Please provide the Need Statement for this project.

ex: "The section of Main St between 1st Street and 2nd Street is unsafe for pedestrians. This section is in the center of the city's commercial district concentrated with jobs and small businesses. In the past 5 years there were 15 crashes in this section of Main St: two resulted in serious injuries to pedestrians and one resulted in a pedestrian fatality. Continued local economic development depends on increased walkability and safety for pedestrians."

Please outline the project scope and include a cost estimate if available.

ex: "Install pedestrian crossings on Main Street at 1st and 2nd street intersections and at mid-block, including pedestrian refuge medians, other streetscaping and traffic calming infrastructure. We estimate preliminary engineering, right-of-way, and construction to cost \$1.2 million."

Do you anticipate that your municipality will require assistance with engineering costs?

Yes

No

Unsure

Please provide any additional information about this project. *(local knowledge/insight, relevant studies/data, infrastructure needs, etc.)*

Please save this form and email it to jbmack@swrpc.org by **May 17, 2024**.
